

CEPHAS JOURNAL !

Focusing on children's engagement and empowerment recognizes the importance of investing in the future generation, promoting positive development, and contributing to a more just and equitable society.

Why are children a main focus of all our operations?

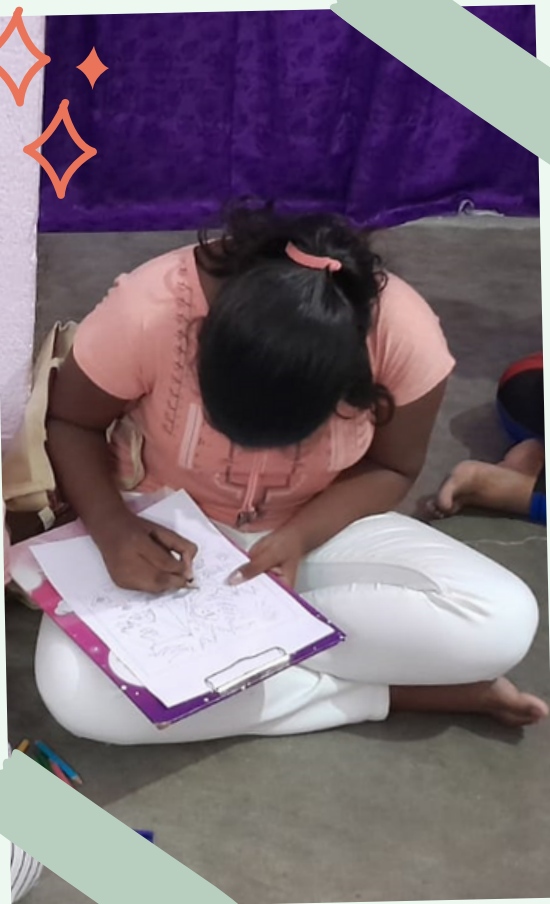

Tuitions & Study Centres

Investments in children's education, contribute to the development of a strong personal foundation and create significant long-term effects on society. There are 5 STEPS study centres and 1 English Coaching centre functioning and creating positive impact.

Distributions & Gifts

School kits, school bag, stationery and other gifts like sports items serve as a great motivation for their continued learning development. Positive learning environment provides constructive alternatives and healthier choices.

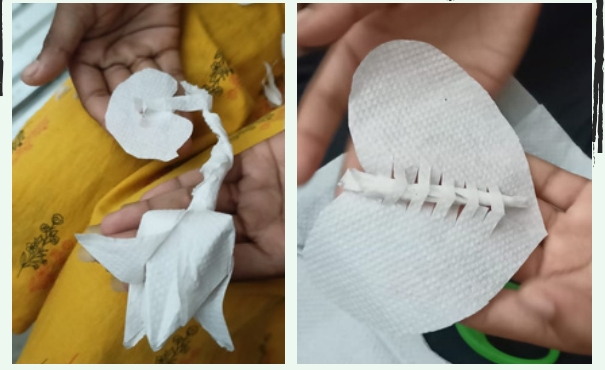

Display of talents

The locals from the villages in Sunderbans, were thrilled to witness a spectacular show of talents by the children of the STEPS study centre.
