

CEPHAS JOURNAL

August 2024

This month through Cephas programs the spirit of patriotism was ignited among the communities, health awareness was raised and flood affected families were reached.

Flood Relief

The floods in Badravathi, Karnataka, caused severe damage to crops and disrupted the daily lives of villagers.

10 families in a remote village- Beeranahalli were helped with ration - atta, rava, oil, dhal and other essential food supplies.

There is no road access or public transport available for these people who live in the middle of a forest area. Our volunteers took great risk to reach them with the supplies.

Health Awareness @ Canning, Sunderbans

- Medical Camp
- Hygiene Kit distribution
- Deworming for 90 children
- Health Teaching

On the first of August, entire village at Canning, a remote island in the Sunderbans seemed desolate due to incessant rains. Once our team arrived, the streets resounded with the joyful shouts of children as they gathered around to listen to the teaching and receive hygiene kits.

Meet the team!

It wasn't a favourable weather for conducting the Health camp. But the team under the leadership of a trained nurse and social workers had traveled long distance. Their perseverance made medical aid possible at people's door step too!
