ENCOURAGING STUDENTS AHEAD OF EXAMINATIONS

As the examination season approaches, we organized an encouragement session for school children in Tinsukia, Assam along with a few parents to motivate students to stay focused and recognize the importance of education for their future.

Parents were invited to share the challenges they face in supporting their children's studies, including academic pressure, limited resources, and other practical constraints. Their feedback will help us design more targeted support initiatives in the coming months.

At the end of the session, each child received a small study kit containing pens, pencils, erasers, and other essential stationery items to assist with exam preparation. The children were delighted and expressed renewed enthusiasm for their studies.

IMPACT OF THE TUITION CENTRE IN HALE NANJAPURA VILLAGE

The tuition centre in Hale Nanjapura continues to make a meaningful difference in the community. It serves as a supportive learning space where children receive additional academic guidance beyond regular school hours.

Parents have expressed appreciation for the structured study environment, which helps their children improve concentration, complete assignments on time, and strengthen their understanding of key subjects. The centre also provides a safe and encouraging atmosphere that motivates students to stay committed to their education.

Beyond academics, the tuition centre has helped build stronger relationships within the community. Regular interaction with families allows us to better understand their needs and offer practical support wherever possible.

We are encouraged to see the growing confidence and progress among the children and remain committed to supporting their educational journey.

SCHOLARSHIP SUPPORT

Three-year scholarship has resulted in the successful graduation of a young woman who now steps forward with improved qualifications, confidence, and expanded opportunities for her future. The investment in her education has created lasting impact not only for her but also for her family.

We are grateful for the support that made this achievement possible.
